Fire & Security 4-Channel Input Monitor

Absolute Essentials - Security Devices   **Part No.** MQ03-LTE-M-EN54

Product Details

Introducing the Fire & Security 4-Channel Input Monitor! This incredible device not only allows you to monitor your fire alarm system but also a variety of other appliances. It's like having a superhero for your safety!

But wait, there's more! To make your life even easier, we have the RControl Admin App available for download from the app store. With this app, you can get real-time on-site communication diagnostics and configure your device with just a few taps on your phone. It's like having a personal assistant for your fire and security needs!

Key Features
