Fire Alarm & Emergency Lighting Designers Stamp Kit

Absolute Essentials - Design Kits

Part No. T10018

Product Details

This fantastic kit includes 22 stamps that will make your fire alarm and emergency lighting designing a breeze. Smoke, heat, multisensor, and emergency lighting symbols are all at your fingertips, with various other devices with a variety of bases such as sounder bases or sounder beacon bases to choose from.

But that's not all! We've also included an ink pad in every stamp kit for your convenience. No need to worry about running out of ink during those important design sessions.
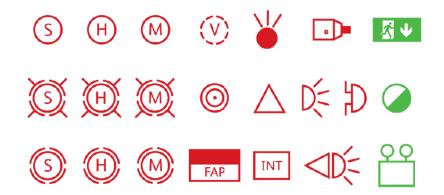

Key Features

- **Durable and High Quality Materials:**
  Crafted from durable and high-quality materials, the stamp ensures longevity and reliability. The impression left by the stamp is crisp and clear, maintaining the integrity of the designer's mark on official documents and plans.

- **Compact and Portable:**
  The stamp kit is designed to be compact and portable, allowing designers to carry it conveniently to various project sites. Its ergonomic design ensures ease of use, making it a practical tool for professionals working in diverse environments.

- **Versatile Stamps:**
  The stamp kit is versatile and can be used across a range of documents, including fire alarm plans, emergency lighting layouts, and other relevant design documents.
